

Workshop: Bridging Astrochemistry, Aromaticity, and excited states

Location: ICR seminar Room, Saint Jérôme, Marseille, France

When: Monday, 22 January from 09:00h to 12:00h

Program

| | |
|----------------------|--|
| 09:00 – 10:00 | Henrik Ottosson Uppsala University, Sweden <i>Excited state aromaticity and antiaromaticity: from pitfalls to scopes</i> |
| 10:00 – 10:30 | Break |
| 10:30 – 11:00 | Fabien Borget PIIM / ASTRO, Aix-Marseille University <i>Interstellar Ice reactivity: from laboratory experiments to space mission</i> |
| 11:00 – 11:30 | Josene M. Toldo ICR / CT, Aix-Marseille University <i>Modeling photoexcited processes using surface hopping dynamics</i> |
| 11:30 – 12:00 | Daeheum Cho Kyungpook National University, South Korea <i>Time-resolved Spectroscopic Measurement and Optical Cavity Manipulation of Ultrafast Photochemistry</i> |
